

# PRODUCT SHEET

## Freedom

## FREEDOM

*“Sketch your own lines with light! Freedom is an innovative LED luminaire that makes it possible to create free forms suspended in the air, on the ceiling and on the wall. With the help of two modules, one straight and one curved, the luminaire can be built up to follow the shape of the room or a creative concept. Offering architects, interior designers and lighting designers full freedom of expression.”*

### DESIGNER

Weikko Kotila and Julle Oksanen

### DESCRIPTION

For single or continuous installation via wire suspension, surface mounted or wall mounted via two securing holes in the profile. Power cable is connected to the luminaire at one end, the other end is connected to a box containing the LED ballasts and snap-in terminal block. *(The box with LED ballasts and snap-in terminal box are ordered separately).* Luminaire body in black anodised aluminium. Diffusers made from opal polyester, reflectors made from highly reflective polyester, end caps made from black ABS plastic. Transparent power cable. Installation box in white enamelled sheet-metal.

### POWER SUPPLY

230V, 24V.

### OTHER INFORMATION

Dimming available on request.
